## EARLY CARE ACADEMICS

Designed for instructional leaders, the Universal PreKindergarten (UPK) Collaborative Network will support the planning and implementation of UPK by including strategies to build the capacity of all staff and leadership of local educational agencies (LEAs). Sessions will align with 21CSLA professional development offerings and will also include focus areas from California Department of Education (CDE), the National Association for the Education of Young Children (NAEYC), and the P3 National Network.
